

INJURY BENEFIT CLAIM

To submit an injury benefit claim, you must submit an incident report to Skate Canada's Safe Sport Department and have all three sections of the Injury Benefit Claim Form completed; include any doctor's notes, requisitions and/or any receipts:

Injury Benefit Claim Form (For registrants) (Please note this form is now located on the Membership Site, and you must log into the site to have access to the form)

Accident Insurance Claim Form (For coaches only) (Please note this form is now located on the Membership Site, and you must log into the site to have access to the form)

Please note that the Skate Canada Injury Benefit is a secondary benefit to one's family insurance. Therefore, if the injured member has personal or family insurance coverage, they must claim with them first, and Skate Canada will cover the difference or the balance of what isn't covered by their primary/personal insurance coverage.
